MISCELLANEOUS PAPER

Office of Petitions

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants are resubmitting a Petition to Withdraw Holding of Abandonment, previously submitted to the Patent and Trademark Office on February 28, 2005. This document is being resubmitted because we have not received any hard copy acknowledgement from the Patent and Trademark Office. Per a phone conversation with Ms. Andrea Smith (Office of Petitions) (571-272-3226), on today's date, we learned that the Petition is in the system and being acted upon by the Office of Petitions.

If the Patent Office has any question concerning this resubmission they are respectfully requested to contact the undersigned.

Authorization is hereby granted to charge or credit the undersigned's Deposit
Account No. 50-0206 for any fees or overpayments related to the entry of this Paper,
including any extension of time fees and Previously Submitted fees.

Respectfully submitted,

Robin L. Teskin

PETITION TO WITHDRAW HOLDING OF ABANDONMENT
UNDER 37 CFR 1.181(A) and (MPEP 711.03 (c) I A)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants hereby petition for the withdrawal of the holding of abandonment based on failure to receive the Notice of Missing Parts mailed January 16, 2004 .

Accordingly, based on the foregoing and the Statement of Robin Teskin, Applicants respectfully petition for the revival of this Application to pending status on the basis that the failure to timely respond to the Notice of Incomplete Application was based on non-receipt of the official communication. On August 3, 2004, a Status Request was filed with the Patent and Trademark Office requesting the official filing receipt which was also never received. With the submission of the attached documents, Applicants respectfully submit that they have provided

sufficient evidence to establish that the Notice to File Missing Parts was not received.

It is believed that Applicants have provided all the necessary information for the Patent Office to grant their Petition. However, if any other information is required, the Patent Office is respectfully requested to contact the undersigned.

Respectfully submitted,

2/28/05

STATEMENT ESTABLISHING COMPLIANCE WITH MPEP 711.03 (c) I A

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

I Robin L. Teskin, declare and state as follows:

1. That I am a registered patent attorney and represent Senomyx, Inc. in connection with all of its intellectual property matters.
2. That a Notice of Abandonment was received in our offices on November 23, 2004 indicating Abandonment for failure to respond to a Notice to File Missing Parts mailed January 16, 2004.
3. That, I searched the file jacket and attached docket records and our records indicate that the Notice to File Missing Parts was not received by our offices.
4. That attached is a copy of our docket records showing all replies docketed for a date two months from the mail date of the nonreceived office action and evidencing that a Patent Office communication was not received in this case.
5. That as further evidence of our failure to receive the Notice of Missing Parts in our office, on August 3, 2004, the file was reviewed for status and receipt

of the official filing receipt. Since no communication had been received from the Patent Office, a Status Request was filed requesting receipt of the official filing receipt as well as the status of the application. A copy of the Status Request along with the Return Receipt Post Card is attached. We did not receive an answer to our Status Inquiry but rather only received a Notice of Abandonment on November 23, 2004. This further alerted us to the fact that the Notice of Missing Parts had not been received by us.

I further declare that- all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that the statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
